2 - Charge for a call within Moscow and Moscow region / charge for a call to the rest of Russia

3 - For these networks the price for outgoing calls is made up of a fixed call set up rate and a per minute rate. Initial charging interval is 60 sec.

4 - Charge for a call made from European /Asian part of Russia

5 - For information on peak time band for incoming calls of these operators please contact Customer Service

6 - Maritime Roaming Service on board of Mediterranean cruise vessels and ferries

7 - Tariffs for maritime roaming on board of ferries / cruise vessels

8 - For these operators call set-up charge is applied for both incoming and outgoing calls (please see the table on the right)

**While roaming
it's recommended to cancel all conditional call forwarding**

The charging of incoming calls is per-second unless the operator is marked by⁷

Attention: The rates are given in USD equivalent. The final price (VAT inclusive) of every minute roaming airtime is calculated by the following formula: basic rate x rate change factor of a roaming operator.

Basic rates are stated for the purpose of evaluating estimated cost of roaming charges and are given only for information
